About Us…

Proudly Serving Public Safety Since 1981
The BowMac team serves the public safety community by offering the highest-quality, hands-on learning courses. Our Interview & Interrogation instructors average tenure is between 20-40 years of actual hands on, investigative, law enforcement experience.

The program is designed to provide Investigators with proven strategies to enhance rapport with suspects, victims and witnesses.

Reviews basic strategy and structure of I&I and focuses on what motivates the person being interviewed and how to capitalize on it.

Anticipate what Defense Attorneys will try to do with the recorded interview and beat them at their own game.

Practice the techniques; this course is 60% hands on.

A series of lectures, video exercises, practical hands-on classroom experiences, will create comfort and increase the use of these techniques.

Investigators will be refreshed in the basic skills of interviewing that have been so successful for thousands.

Developing rapport is the key to obtaining information, and information is the life blood of good police work.
